

# Morning Glory!

Oh God, thou art my God;  
Early will I seek thee:  
My soul thirsteth for thee

Psalm 63:1

## The 'Show-Me' State!

“...and prove me now herewith, saith the Lord of Hosts...”

Malachi 3:10

Every Christian is going to encounter times when and where a “**faith move**” is going to be required in order for you to arrive or experience God’s intended place, position, or promise, for you. These are times when you will be challenged by God to step “**out on a limb**” and put yourself at risk. It may involve answering a higher call of God in ministry. It may involve allowing your heart to love God, or even to love someone else God has set before you. It may be a new business venture God has directed you into or some kind of change of vocation, schooling or career path. In our text of focus, this “**tree walking stuff**” involved giving a God-ordained portion of their livelihood back to God as a part of their religious practices. God’s command was clear to them: “Bring ye all the tithes...”

***God’s commands do often require risks.***

***God’s commands do often require making moves that others will not necessarily agree with or understand.***

***These God-directed faith moves put us out on a limb and often bring ridicule from others.***

***You may not even fully understand it yourself,  
but you do know what YOU MUST DO.***

But there is a design and purpose when god calls you out on a limb. It is always so that he can prove to Himself to be the loving, true, and faithful God we say He is and that He knows He is. Notice the tenor of God’s confidence in the text. There is no doubt in god’s mind that he will pass the test and prove Himself to be all that He has declared He is. The only question is this: will you put yourself in position to allow Him to prove it? Will you come to the “show me state”?

***Where you at? Are you positioned for God’s promise?***

***Are you courageous amid the challenge to step out?***

***Or, are you sitting back watching everybody else prove how faithful God is  
when all the while He’s your God too?***

Learn to live in a show-me state as you allow God to open doors, gain victories, arrange miracles, and pour out blessings beyond what you can imagine, think, or hold!

**Pray this:**

**Lord of glory, today I position myself out on the limb, courageously trusting you and obeying your command.**
