

Morning Glory!

Oh God, thou art my God;
Early will I seek thee:
My soul thirsteth for thee

Psalm 63:1

How Sweet it Is (Part 2)

When You Got It...You Got It!

**“Now these be the last words of David...the man who was raised up on high,
The anointed of the God of Jacob, And the sweet psalmist of Israel...”**

2 Samuel 23:1

If you give your life in God and your ministry for God the earnest measure of focus and passion it deserves, you will sooner than later, come upon a great discovery that will transform you forever. That great discovery is that God has uniquely anointed you for the ministry, the mission, and the message which has been set before you.

Whatever you are facing in your life or in your ministry for the Lord, rest assured that God has already equipped and prepared you to handle it. We are sometimes overwhelmed by the notion of fulfilling the vision God so richly and vividly paints and purposes for us, because often it is beyond our capacities. But rest assured, you were born and purposed to handle what's before you. You were tailor-made for the vision you see and mission you take. Consider that everything God made was created with infinite wisdom, designed and crafted for its time and purpose, spiritually, chemically, and biologically engineered to produce and persevere the way it does. It's no different with you.

***Your Heavenly Father, our Creator, has made you,
yes, and remade you, with a unique endowment of the Holy Ghost
which the Bible refers to as the anointing.***

***The “anointed of God”, yes that's you, are endowed with this mysterious
enablement, empowerment, energy, and effectiveness that only God can give.***

You can't buy it, trade it, sell it, steal it, borrow it, or give it away. All you can do is just recognize that you've got it. The devil can't steal it. The saints can't take it 'cause they didn't give it. The bank can't close it. And your enemies can't control it. So walk on into your future confident in knowing that whatever you're facing you're anointed with power from on high. And if they ask you how you made it this far and why you're still standing, tell them you're a woman/man on God's mission endowed with an anointing from God. Tell them you've just got it like that! Hallelujah!

Pray this:

**Lord of glory, thank you for endowing me with the anointing of the Holy Ghost,
today through prayer, study, and mediation I tap into the
enablement, empowerment, energy and effectiveness you have so richly given.**
